## THE STATE OF NEW HAMPSHIRE

(L. S.)

*To the Inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at The Town Hall in said Hampton Falls on Tuesday, the Tenth day of March next, at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the town will accept state aid for construction of the Class II road known as Kensington Road and raise and appropriate or set aside for said purpose the sum of \$1,042.50; or will accept state aid for construction of Class V roads and raise and appropriate or set aside for said purpose the sum of \$170.42.
4. To see if the town will vote to paint the exterior of the Town Hall and Library and raise and appropriate money for same.
5. To see if the town will vote to raise and appropriate a sum of money sufficient to clean up brush and rubbish south of Town Hall and Sheds.

6. To see if the town will vote to make any changes in the rules and regulations restricting the digging and sale of clams.

7. To see if the town will vote to raise and appropriate the sum of \$500.00 for scraping and draining the town roads; this sum to be administered by the Board of Selectmen. (Written in by request.)

8. To see if the town will vote to give the Selectmen power to borrow money in anticipation of taxes.

9. To see if the town will vote to give a discount on taxes paid on or before a stated date.

10. To see if the town will adopt the Australian Ballot for future town meetings.

11. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this twenty-fourth day of February, in the year of our Lord nineteen hundred and thirty-six.

## SELECTMEN'S REPORT

---

The Selectmen wish to submit to the taxpayers the following report for the year 1935.

The Selectmen feel that the past year has been a very good year in the affairs of the town.

We have closed the books for the year without a note in the bank, and also the property which was necessary for the selectmen to take a deed in September for the non-payment of taxes has been redeemed. This leaving only three places with one year's taxes on each.

We also this last year bought two fire extinguishers for the Town Hall, as there is no water at the hall, we thought it very unwise to not have some sort of protection. The kind we bought the cold weather will not affect them.

The actual direct expense by town for public welfare was not near what we estimated, the reason for this was, that the cases proved to be county instead of town cases.

We issued twenty-eight (28) permits to residents of the town to dig clams during the last year. We also feel that at the next Town Meeting there should be some changes made in our rules and regulations.

We wish to thank the people of the town for their co-operation and also the other officers who have helped us to carry on the affairs of the town in the past year.

Respectfully submitted,

WALLACE H. BATCHELDER,  
FORREST B. CREIGHTON.  
JOHN D. FOGG.

### REPORT OF SCHOOL NURSE

School Visits	48
Physical Examination by Dr. Coleman	54
Dental Examination by Dr. Hanrahan	44
Class Room Inspection	890
Individual Inspection	50
Defects	Corrections
Teeth, 6	Teeth, 23
Tonsils, 4	Tonsils, 3
Hearing, 0	
Vision, 3	Vision, 1
Audiometer Test	44
Taken to Hospital	2

Dental Clinic held at school, sponsored by the parents and the State Department, proved a success. The State also sponsored part of corrective work on tonsils.

Audiometer loaned by the State—no defects.

More co-operation is needed on the part of some parents in contagious and minor contagious diseases. Most con-

tagious diseases start with a cold and the slightest cold should be taken care of. May I thank the School Board, Superintendent of Schools, parents, teachers, and all who assisted with the health of the school child.

Respectfuully submitted,

ANGELA DOLBEC, R. N.

## THE REPORT OF THE SUPERINTENDENT

---

To the School Board of Hampton Falls:

I herewith present to you my sixth report as superintendent of your schools.

Since the last report two changes have taken place in the teaching staff of the schools of Hampton Falls. Miss Arlene Tucker, a graduate of the Elementary Course of Keene Normal School, is in charge of the upper grades and Mr. Norman Leavitt has been employed to direct the work in Music.

Miss Tucker, during the five months she has now been with us, has shown ability as an elementary school teacher. She is interested in her pupils and faithful in her duties. I believe the results of her year's work will justify our confidence in her.

The town of Hampton Falls has taken a step forward, educationally, in again employing a Music director. Mr. Leavitt's ability is well known. He has aroused the interest of the pupils in music—both in singing, themselves, and in listening to good music rendered by others. His service to the town is of real value.

In the Musical history of all peoples of the earth sense of rhythm was the first to appear. This leads us to believe that rhythm should have a prominent place in the earliest grades. To develop this ability at the earliest possible time Mr. Leavitt has formed a rhythm band in the lower grade room. This band, as well as furnishing a means of developing a lively and intelligent interest in music, furnishes the basis for the work of the upper grades. Parents will be interested to visit the schools and hear the children.

Miss Lois Brown is again the teacher of the lower grades. Her work is highly commended. As during the

past year the work of the school was handicapped by an epidemic of whooping cough, so this current year we have encountered the measles. Two epidemics in two successive years must retard the progress of our children to some extent. In spite of the fact that the teachers are giving extra time and effort to pupils when returning to school after illness, we shall need the cooperation and help of the parents of all children who have been absent more than the usual number of times.

As school progress in efficiency more exact instruments of measurement must be devised and these instruments must be used more often and more skillfully year by year. The best instruments so far devised are standardized tests. It is our plan this year to give at least two complete testing programs. In the early autumn we ascertain where each pupil is, scholastically, by means of one group of tests. These help the teacher to find out definitely just where each pupil needs help. In this way they will furnish a guide to the work of the year. Near the end of the school year a second complete testing program will take place. Comparison between these two tests will clearly show the progress made during the year and will assist materially in determining promotion.

During the epidemic of last year, as well as that of the current year, the school district has had the services of a registered nurse trained in school work. She has made regular visits to our school and in cases of need has gladly placed herself on call. The value of her services has been appreciated by school officials and parents alike. As the inculcation of health habits is one of the seven fundamental objectives of modern education, we have taken one more step in this direction by installing soap dispensers in the school. These replace the former cakes of soap which were used by everyone. The cake

of soap could easily become a means of spreading disease from one pupil to another. The dispenser does away with any such possibility. Another health measure is the placing of wind deflectors in certain windows in each room. These permit the entrance of fresh air always but prevent the possibility of draft upon the children.

The school buses furnished for the transportation of the children of Hampton Falls are new, comfortable and of sufficient size to accommodate all children who need to be transported to school. This service is among the best in the state.

The scholarship of the children of Hampton Falls is well recognized. The frequency with which your pupils secure the scholarship honors at neighboring schools bespeaks well the excellence of the work at the local schools. Regardless of the excellence of the work of any secondary school it is in your own local school that the foundations of a complete education are laid.

I wish again to express my thanks to the school board for their help and guidance in the duties of my office.

Respectfully submitted,

ROY W. GILLMORE,

Feb. 3, 1936.

Superintendent of Schools.
